An Eco Friendly Cruise Built Based On Ecological Parameters

Carbon Emissions Reduction

An innovative concept that helps to reduce more than 4000 pounds of CO2 emissions per year.

Smart Energy Generation

Equipped with cutting-edge technology for power generation and reduction of fuel consumption.

An Eco-Friendly Journey

Whenever possible, the waste on our ship is reused or recycled.
M/C EcoGalaxy raises awareness for Galapagos conservation.

ECOGALAXY
Galapagos Cruises

Awards

Worldwide recognitions

M/C EcoGalaxy has been recognized with some of the most important travel awards:

The Smart Planet certification is an international award given to companies seeking an environmental balance in their activities. By helping local communities in the Galapagos Island with sustainable practices.

As a company born and operated by Galapagueños, our commitment to conserve and have the minimum environment impact possible, becomes one of the most important facts.

Environmentally Friendly

> Exclusive experiences

A unique innovation concept that contributes to take care and protect the Galapagos beauty.

> Facilities

- Convertible beds
- Endemic decoration
- Panoramic ocean view windows
